

# Powerful Wall-Washer

T4 - 4865

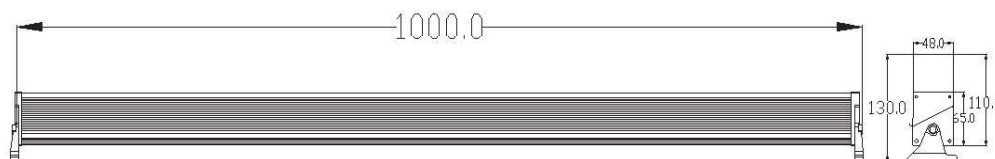

Powerful projector for architectural lighting. Waterproof for outdoor installations. Compact yet powerful at 54W. Allows for creating a grazing beam along a wall to highlight architectural details. Equipped with RGBW LED (4 in 1) for obtaining pastel tones.

## Technical Specifications

Reference	T4-super wall washer – 4865 – 54W
Dimensions	1000*48*65 (mm)
Materials	Alliage d'aluminium, Verre trempé
Type de LED	18 LED SMD3535-RGBW
Power	54W
Luminosity	R:40LM G:82LM B:12LM W:80LM
Angle des lentilles	10°x60°
Color Management	8BIT / 16BIT
Piloting	DMX512
No. address	1px
Voltage	DC24V
Lifespan	50 000 hours
Airtightness	IP6.
Fire protection	V1

The housing is made of aerospace-grade aluminum alloy with surface treatment by anodizing oxidation. Colors available on request: Aluminum, Black, or White. The radiator-shaped sides of the profile allow for good heat dissipation to extend the LED lifespan.
